

# What is an Instructional Coach?

An instructional coach assists:  
students, teachers, and  
administration to make sure our  
kids are learning.

Coaches use practical strategies  
to assist with resources,  
teaching and planning.

# How do I support your child?

*#1. In the classroom, co-teaching a lesson and taking a look at student work.*

*#2. School Wide Assessments (SWAT)*

*#3. Planning with grade level teams using assessment data and curriculum.*

Read my  
Coach's Curriculum Corner linked  
in our PPE Monthly Newsletter. I  
will share tidbits and tips for  
helping students learn and  
grow.
