### District Updates

The Fort Zumwalt school district publishes all updates and resources on their website under a designated COVID-19 page. To access the Return to 2020 district plan, FAQs, At Home Wellness Check, "What to do if...", and mask information, please visit the [COVID-19 home page](#) on the Fort Zumwalt district home page. This page also has information for the parents supporting our virtual learners on Canvas. We have added some of these quick links to the sidebar of the newsletter.

### 5<sup>th</sup> Grade Camp

5th Grade Parents: As you might already know, we will be unable to run our traditional 5th Grade Camp program this fall at Cuivre River State Park. We consulted with the park supervisor and mutually determined that, unfortunately, there simply is no way to safely operate the program given the current conditions.

While it is too soon to speculate on our best options at this point, please know we will continue to keep you updated on plans. In the meantime, we are planning how to handle reimbursements for fees that were already collected. Thank you for understanding given these very unique times.

### PPE Technology Home Access

In Person Learners: If you have not completed the Google form in regards to your technology home access should there ever be a need to switch over to virtual learning for any or all students during the 2020-21, please complete the survey [here](#).
