Parent Input Forms

We are at the point in the school year where we begin planning for the year to come! One of the tasks is next year's class placements and these discussions will be starting very soon. Our teachers, counselor, and administrators work hard to make decisions based on the best interest of our students. There is a lot of thought & planning involved! We invite families to be part of this process by filling out the Class Placement Parent Input Form. Although this form is not mandatory, it does give us insight into what you feel is best for your child. If you choose to do so, please fill out the the paper version that is coming home with your child. [You can also print a copy from our website here](#). If you would prefer to fill this out online, [please see the Google form here](#). Please note that these forms will be shared with certified staff. Thank you!

Kindergarten Registration

Do you have a Future Flyer getting ready for kindergarten? Will your child be 5 years old on or before July 31? [Kindergarten Registration](#) for the 2021-2022 school year opens online March 3.

KHC Update

Kids Heart Challenge is wrapping up! To date, PPE students have raised \$9, 478.37. You can still raise funds through tomorrow. We are excited to see our PPE students reach and surpass the goal! Thanks to everyone that has donated!

Staff Spotlight: Mrs. Smith

Mrs. Smith is our clinic clerk at Pheasant Point. Mrs. Smith is passionate about making sure every child at PPE is healthy and happy. The thing that makes her PPE proud is to be a part of the amazing staff at PPE. When asked who her biggest inspiration is, she said, "My grandmother, because she was the most positive person I know and always wore a smile." Mrs. Smith, thank you for all you do! You make us PPE proud!

AMI packets

This has been a very different year, and our recent weather is no exception. Thank you so much for your support of learning during the five AMI days. We appreciate all of the feedback we have received as we navigate this new process, and our teachers are working hard to use the information learned from the returned packets to guide their instructional decisions. Please remember to return those packets to school as soon as possible, so that we can address those skills that need additional support. If you have any questions, please do not hesitate to contact your child's teacher.

THANK YOU!

Staff Spotlight: Mrs. Diehl

Mrs. Diehl is a paraprofessional at Pheasant Point. Mrs. Diehl is passionate about watching students make sense of the world around them and helping them find their voice. The thing that makes her PPE proud is, "I love that we know how to celebrate each other's differences. And when I need extra support, I can always find someone who will listen and share positive feedback." When asked who her biggest inspiration is, she said, "Not necessarily a specific person. To me, I love to look to people who have been through hardship and have found a way to make lemonade with their lemons. Seeking out the good and not giving up inspires me." Mrs. Diehl, thank you for all you do! You make us PPE proud!
